### Acknowledgment of country.

We acknowledge and respect the Traditional Custodians whose ancestral lands we live and work upon and we pay our respects to their Elders past and present. We acknowledge and respect their deep spiritual connection and the relationship that Aboriginal and Torres Strait Islander people have to Country. We also pay our respects to the cultural authority of Aboriginal and Torres Strait Islander people and their nations in South Australia, as well as those across Australia.

**A Malinauskas Labor Government will:**

## **UPGRADE KI'S HOSPITAL**

**COST: \$10 million**

**A Malinauskas Labor Government will invest \$10 million in the first stage of a much-needed upgrade of Kangaroo Island's hospital at Kingscote.**

The investment will be a significant contribution towards the realisation of the KI Health Advisory Council's master plan for the hospital and health care on the island.

The Marshall Liberal Government like to say 'regions matter' but their actions suggest otherwise.

People on Kangaroo Island need and deserve high quality health care.

Labor can make these investments because it is scrapping Steven Marshall's \$662 million inner-city basketball stadium and instead investing the money in health, including in excess of \$100 million in country health.

It's a simple choice – Steven Marshall and his inner-city basketball stadium or Labor which is investing that money in our health system.

As well as providing money for infrastructure upgrades at the hospital Labor will also work to secure more specialist medical roles on the Island.

Health care on Kangaroo Island has been neglected by the Marshall Liberal Government, particularly during the COVID-19 pandemic. Too often, people living on KI have been at the end of the queue when it comes to access to testing and vaccinations.

The investment in healthcare on Kangaroo Island joins Labor's announcements of significant funding towards hospital upgrades and health service expansion across the Limestone Coast, Upper Spencer Gulf and Fleurieu Peninsula.
